VALUE-HOLDINGS AG: Partnership with the Italian broker and asset manager Solutions Capital Management SIM S.p.A.

Value-Holdings AG, whose shares are traded on the m:access quality segment of the Munich Stock Exchange, will enter into a partnership with the Italian Solutions Capital Management SIM S.p.A. (SCM).

For this purpose, the subsidiary Value-Holdings Capital Partners AG has concluded a consultancy agreement with SCM regarding the selection of investments on the German stock market according to the value investing strategy.

SCM, whose shares are listed on Borsa Italiana in the Euronext Growth Milan segment, is an investment firm authorised to provide portfolio management, investment advice, securities brokerage and the placement and distribution of insurance products. SCM manages over € 950 million in various asset classes. As part of the partnership, SCM will offer its clients a new management line "In Germany". The aim is to invest the funds managed under this line in German equities according to the value investing strategy.

"We are very pleased about the partnership with one of the most competent and renowned Italian management companies," says Georg Geiger, CEO of Value-Holdings AG and at the same time Member of the Management Board of Value-Holdings Capital Partners AG. We will support SCM in offering their Italian clients interesting investment opportunities on the German stock market. In addition, Value-Holdings will benefit from SCM's expertise in the Italian stock market, which will be of advantage to our clients when investing in Italian securities. Value-Holdings AG has also underpinned the partnership with a stake in SCM of around 1% of the capital.
